

My name is Kevin Johnson and I have been a member of Region 2 since 1990. I have been a police officer with the City of Wilson, NC Police Department since 1987. In 1989, I was selected as a K9 handler and began working my first dog Rambo. I am currently working with my fourth dog, Draco. I am the senior handler and trainer for our six dog unit. I have achieved annual certifications in the areas of Police Dog I, Police Dog II, and Narcotics Detection with each of my assigned dogs.

I am seeking the position of USPCA Southeast Vice President. My objective is to be a voice not only for the southeast area, but for all of the membership. I will make decisions based on what is fair to the majority of our members. In this position, I intend to work for increased integrity, personal pride and professionalism within our Association. I truly believe in the standards of the USPCA and love the organization and its members. I would consider it an honor and privilege to represent you on the National level.
